Hi Raj,

Hope things are very well! Thanks for sending the updated calculator, it's starting to take shape!

Please see below for my latest comments and changes

2. General Comments

2.0. Intro Screen

Include icons and full messages in intro screen <http://prntscr.com/m3nnth>

27/01 - Looks good, sent icons now to do proper style. I will send updated as one image

2.1. Header

I think it looks nice to keep the header the same as the intro throughout (with a brief sentence below) <http://prntscr.com/m3mg5e>

27/01 - Header still looks the same during the questions. Try to make the same throughout (intro, calculator and results).

Make 'Your Financial Health Check' bigger to be the same size as "Your Report" on previous versions.

- Intro style: <http://prntscr.com/mcqfii>
- Question Style: <http://prntscr.com/mcqfso>
- Results style: <http://prntscr.com/mcqu4h>

2.2. Switch Header Style

Can you use the style from 'Your Report' for the Health Check Calculator main header (and switch so 'Your Report' has the smaller header) <http://prntscr.com/m3mpqt>

27/01 - It looks like 'Your Report' has disappeared?. See above.

2.3. Asterisks in Questions

I think no need for asterisks in the questions? <http://prntscr.com/m3mhca>

27/01 - This seems to be fixed thanks. Is it possible to remove the colons and just have question mark? <http://prntscr.com/mcqwm8>

2.5. Investment Question

Need to add Real Estate (Property) as an option (after Currencies and before Commodities)

<http://prntscr.com/mdnx42>

In Arabic: العقارات

3. Report Screen

3.4. Email, Print, PDF box

27/01 - Need to have design options ready for each of these. Email functionality will be dependent on CDA.

For example - <http://prntscr.com/mcrjtw> or

<http://prntscr.com/mcrjwv>

3.5. Results Score Issues

Some issues with scoring include:

- Financial Knowledge I get everything right but getting Grade B <http://prntscr.com/mhrds8>
- Saving and Investment I score 18 but still get Grade B <http://prntscr.com/mhre2e>
- Should only be 6 results but 7 showing. Saving and Investment is duplicated (all 5 questions are one section) <http://prntscr.com/mhrdbd>

3.7. Budgeting Typo

Budgeting is spelled as "Bugeting" on results screen - <http://prntscr.com/mcscf6>

3.8. Remove Recommendations

Remove all recommendations from the results - <http://prntscr.com/me66km>

3.9. Change Grade threshold on Savings and Investment

Grade A should now be 18 and above. Score of 15-17 is Grade B - <http://prntscr.com/memd1u>

4. Mobile Phone Review

4.1. Button alignment

Button text is aligning too low on the button when viewed on phone

<http://prntscr.com/m3nee4>

27/01 - Still seems to be an issue

5. PDF Report

5.1. CDA Logo

Can you make the CDA logo the original dimensions and smaller (it looks a little vertically stretched) - <http://prntscr.com/mcgzq3>

5.2. Font

Can you make the title and introduction font the same as below (like on the calculator) - <http://prntscr.com/mcr0s1>

5.3. Spacing

Remove the spacing before the bullets begin - <http://prntscr.com/mcr182>

5.4. Footer Paging and Date

Move the page number up a little and add also date - <http://prntscr.com/mcr5pn>

5.5. Email Notice

Remove the line about email from the PDF version - <http://prntscr.com/mcr1wg>
